A.I. (Tony) Rees Collection

Archive Location	Archive A – Individual Collections
-------------------------	---

A geologist, Tony Rees was at the Institute of Oceanographic Sciences from 1973 to 1988 where he principally worked on commissioned research. He had been a colleague of Henry Charnock's at the University of Southampton and later worked at NERC headquarters before joining the Institute of Oceanographic Sciences. This collection was donated in 2007
